SOCIAL DEFENCE OF SERVICEMEN ON HOUSING

Presently, when the political and public system of Ukraine is reformed not only problem of social defence of servicemen and members of their monogynopaediums gets up especially sharply. From that, how it will be decided, safety, stability, and prosperity of the state and society guarded by them, depends.

Probed the problem of social defence of servicemen by many foreign and domestic scientists, it should be noted works of scientists-lawyers of Starova B.F., Migacheva U.I., Seregina V.P., Strekozova V.G., Korovnikova A.V., Petukhova N.A., Tivanova V.V. and other

A legislation about social and legal defence of servicemen and members of their monogynopaediums is based on Constitution Ukraine and consists of Law of Ukraine «On social and legal defence of servicemen and members of their monogynopaediums» and other normative-legal acts.

In obedience to an item everybody has 47 Constitutions of ukraine right on habitation.

In obedience to an item 12 Law of Ukraine «On social and legal defence of servicemen and members of their monogynopaediums» the state provides servicemen dwellings apartments or on their desire dollar adjustment for belonging them for a receipt dwelling apartment on grounds, all right and in accordance with requirements, set the Housing code of Ukrainian SSR and other normative-legal acts.

To settle this problem it is necessary actively to operate both the public organs of power and organs of local self-government on development of complex measures, taking into account experience of other countries on providing of habitation of servicemen and their monogynopaediums, which would work effectively.
