FORMATION OF A REGULATORY FRAMEWORK GOVERNING THE RIGHTS OF CHILDREN AND RESPONSIBILITY FOR THEIR VIOLATION IN UKRAINE

Article is devoted to the legal regulation and legal rights and interests of children in Ukraine. Made proposals to improve existing legislation to strengthen the state warranty Inalienable Rights of the Child. In particular, we consider the two largest groups of rights relating to life of children. This, above all, personal rights. These include the right to life, to live in his family, a name, to happiness, to a safe life without exploitation or neglect, protection from violence and others. The second group of rights – social – cultural rights. These include the right to education, health and others. Also in the article is a list of legal liability for non-performance or improper performance of the parents child- rearing responsibilities.
